VFD Water Booster Pump

Water Booster System

Water Heater Tank

Water Heater On Demand

Old Configuration I

Filter Taste Quad Head

Spec

- FILTER TASTE/ODORT0320 1237130

Manufacturer

- Normally GE, but use what is listed on equipment
- If not listed, put “NOT LISTED”

Model

- NOT LISTED GE

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85371
 - Store number is 8537
 - Unit count is 1

Data Plate

Configuration I

Quad Parallel Head

Spec

- QUAD PARALLEL HEAD, OPM

Manufacturer

- Everpure

Model

- Configuration I

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85371
 - Store number is 8537
 - Unit count is 1

Data Plate

Prefilter

Spec

- PREFILTER SYSTEM, 20 IN

Manufacturer

- Everpure

Model

- Configuration I

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85372
 - Store number is 8537
 - Unit count is 2

Data Plate

Configuration II

All these assets located at a site

Quad Parallel Head

Spec

- QUAD PARALLEL HEAD, OPM

Manufacturer

- Everpure

Model

- Configuration II

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85371
 - Store number is 8537
 - Unit count is 1

Data Plate

Prefilter

Spec

- PREFILTER SYSTEM, 20 IN

Manufacturer

- Everpure

Model

- Configuration II

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85372
 - Store number is 8537
 - Unit count is 2

Data Plate

Water Softener

Spec

- NEW WATER SOFTENER
- WATER CONDITIONER, NEW CONST

Manufacturer

- Everpure

Model

- Configuration II

Serial

- Located on back of control panel
- If not listed or there is no data plate put:
 - UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85373
 - Store number is 8537
 - Unit count is 3
- If not accessible put:
 - NOACCESS(Store Number)(Unit Count)
 - Example NOACCESS85373
 - Store number is 8537
 - Unit count is 3

***Check brine tank to see if there is a yellow fill sticker. If there is, that sticker MUST BE visible in the equipment photo.**

Data Plate

Control Panel

Configuration III

Prefilter

Spec

- PREFILTER SYSTEM, 20 IN

Manufacturer

- Everpure

Model

- Configuration III

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85371
 - Store number is 8537
 - Unit count is 1

Data Plate

RO Membrane

Spec

- NON CATALOG WATER FILT EQUIP

Manufacturer

- Everpure

Model

- Configuration III

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85372
 - Store number is 8537
 - Unit count is 2

Data Plate

Water Softener

Spec

- NEW WATER SOFTENER
- WATER CONDITIONER, NEW CONST

Manufacturer

- Everpure

Model

- Configuration III

Serial

- Located on back of control panel
- If not listed or there is no data plate put:
 - UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85373
 - Store number is 8537
 - Unit count is 3
- If not accessible put:
 - NOACCESS(Store Number)(Unit Count)
 - Example NOACCESS85373
 - Store number is 8537
 - Unit count is 3

***Check brine tank to see if there is a yellow fill sticker. If there is, that sticker MUST BE visible in the equipment photo.**

Control Panel

20 GAL RO Tank

Spec

- FILTER SYSTEM C RO STORAG TANK

Manufacturer

- Everpure

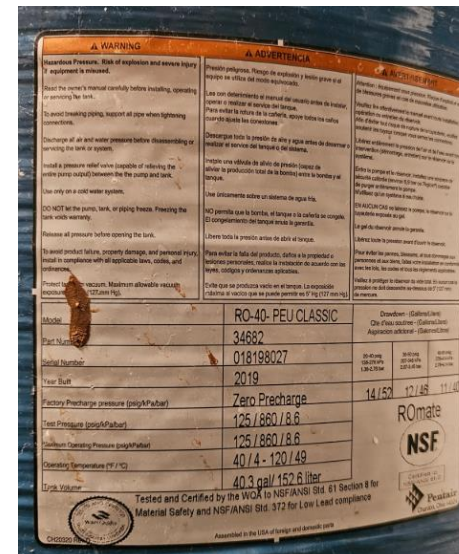

Model

- Configuration III

Serial

- Located on data plate
- If not listed or there is no data plate put:
 - UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85374
 - Store number is 8537
 - Unit count is 4
- If not accessible put:
 - NOACCESS(Store Number)(Unit Count)
 - Example NOACCESS85374
 - Store number is 8537
 - Unit count is 4

Data Plate

40 GAL RO Tank

Spec

- 40 GAL RO TANK

Manufacturer

- Everpure

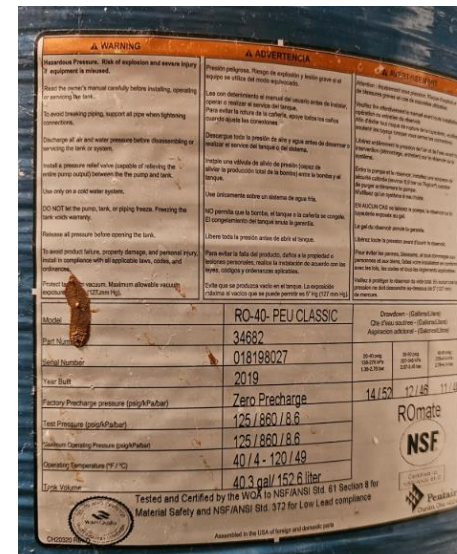

Model

- Configuration III

Serial

- Located on data plate
- If not listed or there is no data plate put:
 - UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85375
 - Store number is 8537
 - Unit count is 5
 - If not accessible put:
 - NOACCESS(Store Number)(Unit Count)
 - Example NOACCESS85375
 - Store number is 8537
 - Unit count is 5

Data Plate

RO Water System

Spec

- HIGH EFFICIENCY RO SYSTEM
- RO WATER SYSTEM MRS600HE II

Manufacturer

- Everpure

Model

- Configuration III

Serial

- UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85376
 - Store number is 8537
 - Unit count is 6

Data Plate

Miscellaneous

These are not part of the water filter system

VFD Water Booster Pump

Spec

- FILTER BOOSTER PUMP 98810921

Manufacturer

- Grundfos

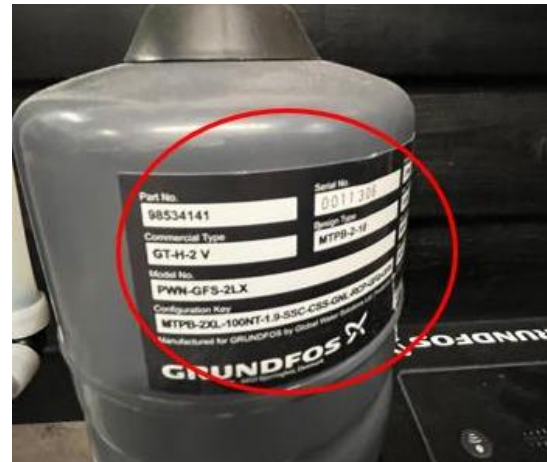

Model

- Located on Manufacturer Label
- If not on selected pick list, select “Not Listed”

Serial

- Located on Tank
- If not listed or there is no data plate put:
 - UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85371
 - Store number is 8537
 - Unit count is 1
- If not accessible put:
 - NOACCESS(Store Number)(Unit Count)
 - Example NOACCESS85371
 - Store number is 8537
 - Unit count is 1

Data Plate Photo

Water Boost System

Spec

- WATER BOOST SYSTEM

Manufacturer

- Shurflo

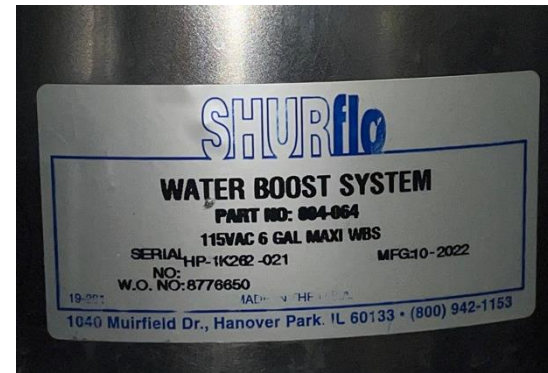

Model

- 804-026, 804-064, 804-065

Serial

- Located on Tank
- If not listed or there is no data plate put:
 - UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85371
 - Store number is 8537
 - Unit count is 1
- If not accessible put:
 - NOACCESS(Store Number)(Unit Count)
 - Example NOACCESS85371
 - Store number is 8537
 - Unit count is 1

Data Plate Photo

Water Heater Tank

Spec

- WATER HEATER ON TANK GAS
- WATER HEATER ON TANK ELECTRIC

Manufacturer

- Located on Manufacturer Label
- If not on selected pick list, select “Not Listed”
- If not accessible select “No Access”

Model

- Located on Manufacturer Label
- If not on selected pick list, select “Not Listed”
- If data plate is not accessible select “No Access”

Serial

- Located on Manufacturer Label
- If not listed or there is no data plate put:
 - UNREADABLE(Store Number)(Unit Count)
 - Example UNREADBLE85371
 - Store number is 8537
 - Unit count is 1
- If not accessible put:
 - NOACCESS(Store Number)(Unit Count)
 - Example NOACCESS85371
 - Store number is 8537
 - Unit count is 1
